2006 Biennial Regulatory Review, IB Docket No. 06-154.

Dear Ms. Dortch:

On March 8th 2007, Amy Alvarez, Jim Talbot and I met with Helen Domenici, Breck Blalock, and Narda Jones of the International Bureau to discuss the above - listed dockets. We briefly reviewed our positions previously filed in these proceedings.

In regard to the International Reporting item, we reviewed our concerns regarding several new reporting requirements, but stressed the need for the Bureau to expedite its deliberations and decision so that U.S. carriers can benefit from the streamlining contained therein. On ISP Reform, as no comments were filed on the original petition, AT&T believes it is timely and beneficial for the ISP to be removed from all routes. Although the Biennial Regulatory Review recommends the linking of the Anticompetitive Conduct Notice of Inquiry with this proceeding, we believe these items should be addressed separately.

One electronic copy of this Notice is being submitted to the Secretary of the FCC in accordance with Section 1.1206 of the Commission's rules.

Sincerely,

A handwritten signature in black ink, appearing to read "D. J. W. S. J." followed by a long horizontal flourish.
